

LISA CEBALLOS

14 October 2025

To the Selection Committee,

It is my pleasure to recommend Shea Lisak for the ASU Impact Award. As a leader of the Sky Harbor Composite Squadron of the Civil Air Patrol, I had the privilege of working with Shea when she organized a private tour of the ASU Polytechnic aviation simulation building for our cadets.

Shea took full initiative in arranging this opportunity for our group, ensuring the cadets not only learned about ASU's Professional Flight program but also had the chance to use the impressive flight simulators. The experience she created was educational, engaging, and deeply inspiring for our students—many of whom left the visit more motivated to pursue aviation studies and careers.

What impressed me most was Shea's professionalism and genuine enthusiasm for helping others learn. She went out of her way to tailor the experience to our cadets' interests, involving other students to support the activity with encouragement and mentorship. Her thoughtful leadership directly advanced Civil Air Patrol's mission of aerospace education while strengthening the bridge between ASU and the broader community.

Shea's actions exemplify the qualities recognized by the Impact Award—leadership, public service, and meaningful contributions beyond the classroom. Through her initiative, she has positively influenced the next generation of aviators and strengthened ASU's connection to community organizations like ours.

I enthusiastically recommend Shea Lisak for this honor. She is an outstanding representative of ASU's Professional Flight program and a remarkable young leader.

Respectfully,

2nd Lt Lisa Ceballos
Deputy Commander of Cadets
Sky Harbor Composite Squadron 301
Civil Air Patrol, U.S. Air Force Auxiliary
