

ASU IRA A. FULTON SCHOOLS OF
engineering
ARIZONA STATE UNIVERSITY
Aviation Programs

March 6, 2025

To Whom it May Concern:

I am writing this letter on behalf of Ms. Shea Lisak. She is a student in the Aviation Program at Arizona State University. She is pursuing a Bachelor of Science degree in Aeronautical Management Technology with a Professional Flight concentration.

Shea was a student in my Commercial Pilot, Flight Instructor, and Multi-engine ground courses. I found her to be an exceptional student who participated well in class. She carries an outstanding 3.92 GPA and has made the Dean's list in every semester she has been enrolled. Shea completed her Commercial Pilot Certificate with Instrument and Multi-Engine ratings while training in a regimented FAA Part 141 flight program. Also, she has earned a Flight Instructor certificate with Instrument and Multi-Engine ratings. She is a senior pilot with the Civil Air Patrol and conducts proficiency flights, ferries aircraft, and participates in search and rescue duties.

Shea is employed as the Lead Tutor in our Aviation Program. She supervises the tutoring staff and ensures quality service. She interviews, hires, and trains new tutors. Additionally, Shea is a senior member of ASU's Women in Aviation chapter. Her involvement in the Aviation Program makes her a wonderful mentor and role model to our students. She is a remarkable young woman indeed!

Shea is pursuing her goals and education with excellence, and I feel extremely confident that she will succeed in her professional career and will represent Arizona State University well.

Please feel free to contact me for more information at  I would be more than happy to answer any questions you may have.

Sincerely,

Marc H. O'Brien
Chair/ Associate Teaching Professor
Aviation Programs
